CREATINE PYRUMAX

HIGH PERFORMANCE COMPLEX

QUICK INFO

LACTOSE FREE

GLUTEN FREE

ACID FREE

NO SWEETENERS

NO ARTIFICIAL COLOURS

NO PRESERVATIVES

PRODUCT DESCRIPTION

Sponser® Creatine Pyrumax – High Performance composition with creatine pyruvate, creatine monohydrate and magnesium in one formula. Creatine increases physical performance in successive bursts of short-term, high intensity exercise.

Creatine is known as performance supplement. It is mainly used for energy supply in anaerobic alactic sports and in sports requiring explosive movements (e.g. sprints, swimming, rowing, throws) or for strength- and muscle build up. Due to the improved physical efficiency, the muscles can be trained more efficiently. Hence, an increased performance can be achieved.

The Creatine Pyrumax formula is perfectly suitable to complement the advantages of creatine monohydrate. The improved solubility of creatine pyruvate enables an optimal physiological absorption.

Magnesium contributes to the normal muscle function and supports a normal protein synthesis.

ADVANTAGES

- **Creatine improves the performance in successive bursts of short-term, high intensity exercise**
- **Innovative product formulation, based on 3 ingredients**
- **Maximum guarantee of certified quality and purity**

UTILISATION

7 capsules daily, preferably divided in 2 portions with a carbohydrate-containing beverage.

Do not exceed recommended daily dosage. In addition to a varied and balanced diet and a healthy lifestyle. Not suitable for children and growing adolescents. Not intended for long-term use. Weight gain can occur.

INGREDIENTS

Creatine pyruvate, creatine monohydrate, hydroxypropyl methyl cellulose (capsule), rice starch, anti-agglomerants (silicic acid, magnesium stearate), magnesium bisglycinate. 1 capsule = 857 mg
